

Greco-Roman Origin Myths

My Own Symbols

NAME:

DATE:

Symbols are things that stand for something else. A lion is sometimes a symbol of courage, and a heart is a symbol of love. In this worksheet you will choose and sketch symbols that best represent who you are and what you like to do.

Writing:

Think about what makes you special. Do you like to read? Maybe a book could be one of your symbols. Are you a good friend? What could symbolize friendship? (Perhaps a handshake.) Use this space to write at least four of your personality traits and hobbies. Beside each trait or hobby write an idea for a symbol you could use to represent it.

Sketching:

Now use this space to sketch the symbols you have chosen.
